## Landscape Skilled Laborer

**Pay:** \$29–\$38/hour (depending on experience)

**Job description:** Skilled Landscape Construction Field Staff

We are currently looking for full-time employees with a clean Class 5 driver's license and 3-5 years experience in landscape construction. Most importantly installing concrete pavers and concrete block retaining walls:

### Key Responsibilities

- Install **interlocking pavers, slabs, retaining walls, curbs, and concrete features**
- Perform base prep, grading, compaction, and layout
- Read and work from **landscape and civil drawings**
- Assist with drainage, planters, and site finishing
- Safely operate small equipment and hand tools
- Work collaboratively with foremen, operators, and site supervisors
- Maintain a high standard of **jobsite safety, quality, and organization**

### Qualifications

- **3+ years** experience in landscaping, pavers, or hardscape construction
- Strong understanding of base preparation and finishing details
- Ability to work independently and as part of a crew
- Physically fit and comfortable working outdoors year-round
- Commitment to safety and quality workmanship
- Valid driver's license (asset)

### What We Offer

- **Above-industry standard wages**, based on experience
- Full benefits package
- Consistent, year-round work
- Opportunities for growth into lead or foreman roles

---

- Supportive, professional team environment

**Location:** Greater Vancouver, BC
